AIRC are now accepting expression of interests into the new ACM50219 Diploma of Veterinary Nursing, Emergency and Critical Care, Surgical, General Practice and Dental. Enrolments into the Diploma will commence February 2020 for a March commencement date. Please use this form if you wish to be contacted when enrolment forms are made available.

### Introductory course price

- \$4950.00
- Payment plan options available

### Qualification Description

This qualification reflects the role of a senior veterinary nurse who works under the supervision of a registered veterinarian, to provide leadership to staff and advanced nursing care for animals including applying specialist skills and in-depth knowledge to patient assessment, care and management within a veterinary workplace. The Diploma of Veterinary Nursing requires access and regular exposure to patients (animals), clients, consults, medical and surgical cases, veterinary staff, nursing, and practice policies and procedures.

### Entry Requirements

Entry into this qualification is open to individuals who:

- hold a Certificate IV in Veterinary Nursing or *other equivalent veterinary nursing qualification*

AND

- have extensive experience *working at Certificate IV level or above* in a veterinary practice, *and has demonstrated the ability to:*
  - work autonomously *and within an interprofessional team*
  - independently provide nursing care for a broad range of medical and surgical conditions for a variety of species
  - communicate effectively with a variety of people within the organisation
  - supervise *and direct other staff within the workplace*
  - problem solve and support others within the working environment
  - independently support clients to maintain animal health
  - develop and review organisational administration processes
  - maintain currency of industry skills and knowledge
