CERTIFICATE II IN ANIMAL CARE

Animal
Industries
Resource
Centre

IS THIS COURSE FOR YOU?

If you've always dreamed of working with animals, this course is for you! It's designed for anyone who wants to build practical knowledge and start their journey in animal care.

What You'll Learn

Build the skills and confidence to care for animals and support their owners. This nationally recognised course covers feeding, handling, hygiene, health checks, and client communication—delivered online to fit your lifestyle. Whether you're starting out or already working in animal care, it's the perfect first step toward a rewarding career.

This Course is Ideal for:

**Trainee
veterinary nurses**

**Animal carers in
shelters, kennels or
pet shops**

**Veterinary
receptionists**

Study with the Best at AIRC

When you study with AIRC, you're learning from Australia's most experienced private animal care training provider. With flexible online study, expert trainers who care about your success, and decades of industry knowledge behind us, we're here to support you every step of the way. Join the thousands of students who've trusted AIRC to kick-start their careers in animal care and veterinary nursing.

RTO National Provider No.: 31424

How it Works

This nationally recognised course is delivered through part-time distance education, giving you the flexibility to study when and where it suits you. There are no set intake dates—you can start anytime!

Here's what you can expect:

- A clear study timetable with suggested due dates to keep you on track
- Engaging online quizzes to test and build your knowledge
- Practical assessments including video demonstrations and a Training Record Book
- Ongoing feedback, support, and encouragement from your dedicated trainer

Course duration: Work at your own pace—complete within 9 months, or sooner if you prefer! Whether you're balancing work or other commitments, you'll have the freedom and support to move at your own pace while still achieving your goals.

Practical Experience

You'll need access to a workplace (such as a vet clinic, pet boarding facility, or animal shelter) to complete your hands-on assessments. **Not in a workplace yet?** We'll guide you through what you need and how to get started.

Why Study with AIRC?

At AIRC, we're passionate about helping you succeed. Here's what makes our course different:
